

ARMAGHAN ABBASI

SUMMARY

Data Analyst skilled in Python, SQL, ML, and Deep Learning. Experienced in cleaning data, exploring trends, and building dashboards (Power BI, Tableau). Passionate about turning data into clear insights.

EDUCATION

BACHELOR OF SCIENCE IN BUSINESS ANALYTICS
International Islamic University Islamabad

Sep 2022-June 2026

SKILLS

Python

Pandas, NumPy, SciPy, Matplotlib

Machine Learning

scikit-learn, TensorFlow, Keras, seaborn

Excel

Tools: Pivot Table, Pivot Chart, VLOOKUP, HLOOKUP, VBA

Power Bi

Tools: DAX, API, Power Query

SQL

Software: SQLite, MySQL

PROJECTS

ADVANCED EXCEL ANALYSIS — APRIL 2024

- Analyzed data using Pivot Tables, advanced charts, and lookup functions.
- Automated repetitive reporting tasks with VBA, improving efficiency and reducing manual errors.

DATA CLEANING IN SQL — JULY 2024

- Cleaned and transformed large datasets by handling missing values, inconsistencies, and duplicates.
- Documented the data cleaning process and highlighted measurable improvements in data quality.

SALES DASHBOARD USING TABLEAU — SEPTEMBER 2024

- Built an interactive dashboard to track sales trends and KPIs.
- Implemented dynamic filters, calculated fields, and visual analytics to enable deeper business insights.

SALES DASHBOARD USING POWER BI — SEPTEMBER 2024

- Built an interactive Power BI dashboard to analyze regional sales performance.
- Applied DAX, KPIs, and dynamic visuals for data-driven insights.

PYTHON DATA ANALYSIS — FEBRUARY 2025

- Cleaned and preprocessed data by handling missing values, duplicates, and outliers.
- Performed EDA using pandas, NumPy, and matplotlib to generate insights and automate analysis.

CERTIFICATIONS

- | | |
|--|-----------|
| • Process Data from Dirty to Clean – Coursera | Jun 2025 |
| • Prepare Data for Exploration - Coursera | Jun 2025 |
| • Data Analysis with R Programming – Coursera | July 2025 |
| • Data Analysis with Tableau – Coursera | July 2025 |
| • Google Data Analytics Specialization – Coursera | Feb 2025 |
| • Data-Driven Decisions with Power BI – Coursera | Feb 2025 |
| • Data Visualization with Python – Coursera | Nov 2025 |

AWARDS

- | | |
|--|----------|
| PRIME MINISTER LAPTOP SCHEME –Award Recipient | Dec 2025 |
| • Received a laptop as a recognition of academic or professional achievements under the Prime Minister's Laptop Scheme | |
